

Bolgheri Rosso Superiore "Atis" DOC

- The Scienza family, **winemakers through generations** in Trentino, arrived in Bolgheri thanks to prof. Attilio Scienza (Michele's father). He frequented the territory from the late '70s and conducted the study of viticulture zonation of the territory.
- The estate was purchased in 1998: an enchanting place, secluded through the hills and the woods, dedicated to vineyard at least for 200 years. The winery is run by Michele Scienza and Annalisa Motta, his wife.
- **Biodiversity is one key concept** in Guado al Melo: they look on the vineyard as a **complex ecosystem** that consists of the vines plus the soil and its natural surroundings and the living beings inhabiting those spaces. That make it possible to achieve **a balance that can develop resilience and adaptability and reduce external interventions**.

ATIS is a mythic king, at the origin of Etruscan people, the first civilization in Tuscany (and Italy!) territory and first winegrowers. The label represents **Vitis maritae, the vine "married" to a tree**, and it symbolizes love.

- *Bright ruby red. Aromas of black-skinned berry, green peppercorn and ginger. The concentrated, balanced palate delivers ripe black currant, licorice and black pepper alongside firm, fine-grained tannins.*
- *It is excellent on pairing with intense flavor food.*
